

LockDown Browser for AP Classroom from CollegeBoard

Instructions for Cobb students

- Install the LockDown Browser
 - Students using a Cobb laptop open **Company Portal** (Use Windows search box to locate Company Portal)
 - Locate the AP LockDown Browser under Apps

- Students using BYOD download the browser for their device from apclassroom.collegeboard.org/lockdown
- Review information in [AP Classroom's Secure Online Testing guide](#) to learn how it will work
 - Find more information about installing the LockDown Browser
 - Go to page 3, Step 2 for instructions to complete the **Secure Assignment Readiness Check**
